

AURELIA® GLOVES
A SUPERMAX HEALTHCARE BRAND

Reach, Evaluation and Authorisation of Chemicals (REACH)

The Registration, Evaluation and Authorisation of Chemicals (REACH), (EC) 1907/2006, is the European Union regulation for the control and safe use of chemicals.

Under the European Union (Withdrawal) Act 2018, the EU REACH Regulation was brought into UK law on 1 January 2021 and is known as UK REACH.

REACH, and related legislation, were replicated in the UK with the changes needed to make it operable in a domestic context. The REACH Statutory Instruments that made these changes can be found on [legislation.gov.uk](https://www.legislation.gov.uk). The key principles of the EU REACH Regulation were retained in UK REACH.

Under the definitions of the REACH regulation, our products are defined as Articles, and as such we can confirm compliance with the requirements for that category of product.

Supermax Healthcare Limited is a user of chemicals during the manufacturing process and as such is fully aware of its responsibilities under REACH with regards to usages of chemicals and also the provision of safety data.

The UK Candidate List is published in accordance with Article 59(10) of UK REACH.

Supermax Healthcare Limited confirms that our products do not currently contain in excess of 0.1% weight by weight (w/w) of the chemicals on the aforementioned candidate list. This is monitored on a regular basis.

Please visit HSE website for the full up to date candidate list of substance of very high concern (SVHC)

<https://www.hse.gov.uk/reach/candidate-list.htm>

To ensure on-going legal compliance, Supermax Healthcare Limited shall:

- Continue to identify all substances used in the manufacturing process
- Offer full transparency of our manufacturing process and materials used
- Provide customers information with respect to product composition and material data sheets (MSDS)
- Regularly monitor the candidate list of substances of very high concern (SVHC) For further information in regard to REACH, please do not hesitate to contact us.
